

International Seminar on Federalism

August 28– September 2, 2022

Altiero Spinelli Institute of Federalist Studies

Piazza Castello – Ventotene - Italy

The Altiero Spinelli Institute of Federalist Studies has been organizing an international seminar on the island of Ventotene for 37 years. This island off the Italian coast is the place where Altiero Spinelli, author of the Federalist Ventotene Manifesto, was imprisoned during the Second World War. Each year, young federalists gather here to discuss federalist ideas on European and global issues with leading experts from the European and World Federalist Movement. The seminar is a unique and intensive experience on Federalist studies.
